A public meeting of the NTP Board of Scientific Counselors' ad hoc Working Group to Review the Criteria for Listing Substances in the Biennial Report on Carcinogens (BRC), will be held on April 24 & 25, 1995, in Washington, DC. The meeting will be held at the Washington Hilton and Towers Hotel, 1919 Connecticut Avenue NW., beginning at 9:00 a.m.

The purpose of the meeting is to receive public comments on the criteria for listing substances in the BRC, and to review and make recommendations on the criteria. The issues to be addressed by this ad hoc group are (1) The adequacy of existing criteria for listing substances in future Reports; and (2) the incorporation of mechanistic data as part of the criteria for listing substances in future Reports which may include the consideration of sensitive sub-

populations as well as procedures to upgrade or downgrade the evaluation of the results of animal bioassay or epidemiology studies.

This is the first step in the review of the criteria and the entire meeting is open to the public. The meeting will begin with a plenary session which will provide background on the BRC and a public comment session. The working group will then break into three groups, each addressing the same issues. Break out groups will meet on the afternoon of April 24 and the morning of April 25. The final session will be a plenary session at which time break-out groups will report on their deliberations.

The Biennial Report on Carcinogens (BRC) is prepared in response to Section 301(b)(4) of the PHS Act which stipulates that the Secretary of DHHS shall publish a report which contains a list of all substances (1) which either are known to be human carcinogens or may reasonably be anticipated to be human carcinogens; and (2) to which a significant number of persons residing in the U.S. are exposed. A background and discussion document for use by the ad hoc working group and for review and comment by the public, is available upon request. Copies of the document can be obtained by contacting Dr. C. W. Jameson at NIEHS, P.O. Box 12233, Research Triangle Park, NC 27709, or by FAX to: (919)–541–2242.
